

## Acknowledgments

- 2001 Michelson Interferometry Summer School and the Michelson Fellowship Program are funded through NASA's Origins Program and managed at JPL by Rolf Danner.
- All travel has been arranged by Debi Fambro.
- The "local organizing committee" has been Jeff Hall.
- School was supported by the scientists and staff of the Navy Prototype Optical Interferometer, including Christian Hummel, Don Hutter, Dave Mozurkewich, Mel Dyck, Jim Benson, Tom Pauls, Nat White.

## Acknowledgments (continued)

- Tour of Sunset Crater and Waputki National Park courtesy of Rusty Tweed and Bob Portree.
- Mars Viewing coordinated by Kevin Schindler.
- Thank all speakers
- Participation of speakers SUSI, IOTA, FLUOR, COAST, PTI, CHARA Array, Keck Interferometer, NPOI (USNO, NRL, Lowell)
- Participants from all interferometer groups worldwide including England, France, and Japan.

## Acknowledgments (continued)

- Ken Johnston (USNO)
- FLUOR:
  - Vincent Coude du Foresto
  - Guy Perrin
  - Bertrand Mennesson
- Keck Masking
  - Peter Tuthill
  - John Monnier
- NPOI
  - Christian Hummel.
